

# CALL FOR PAPERS

**ICCEUD 2021**  
**Sep 20-21, 2021**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEUD 2021 : International Conference on Construction Engineering and Urban Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Construction Engineering and Urban Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Construction engineering and urban design  
Urban design and environment  
Civil and Municipal/Urban engineering  
Municipal infrastructure  
Architecture and urban planning  
Architectural design and theories  
Urban planning and design  
Building and Construction technologies  
Art design and landscape architecture  
Aesthetics and landscape  
Energy conservation and equipment  
Construction and renewable energy sources  
Ecological construction and intelligent control

Seismology and earthquake engineering  
Environmental engineering  
Environmental science and health  
Environment and social development  
Environment and economic restructuring  
Environment and pollution cost  
Environmental clean technology  
Environment and climate change  
Environment and waste management  
Water supply and sewage processing  
Green construction and environmental protection  
Acquisition, processing and publishing of traffic information  
Traffic guidance and forecast
