

CALL FOR PAPERS

ICFSSE 2021
Sep 20-21, 2021
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFSSE 2021 : International Conference on Food Science and Sensory Evaluation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Science and Sensory Evaluation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food science
Food security
Quality control
Sensory analysis of food products
Sensory evaluation
Experimental design and statistical analysis
Effective testing
Affective testing
Perception
Food chemistry
Food engineering
Food microbiology
Food packaging

Food preservation
Food substitution
Food technology
Risks to food security
Food-insecure
Utilization and stability
Food diagnostic
Food systems
Nature of foods
Study of food
Food processing systems
Causes of deterioration
Principles underlying food processing
