

CALL FOR PAPERS

ICAAB 2021
Sep 06-07, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAB 2021 : International Conference on Agroforestry and Agricultural Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agroforestry and Agricultural Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural biotechnology and agroforestry	Bioprocess and biosystems
Agricultural biotechnology	Biotechnology for livestock, pests and aquaculture
Agricultural ergonomics	Agroforestry and food security
Agricultural production and food safety	Agroforestry for health and nutrition
Agricultural systems	Agroforestry in semiarid regions
Agricultural waste management	Agroforestry science and education
Agro-industry	Biodiversity
Animal agriculture in the globe	Biophysical interactions
Animal health and welfare	Carbon sequestration and environmental benefits
Animal protein and fiber products	Climate change
Aquaculture and biosystems research	Eco-agriculture
Biological natural resource engineering	Ecological basis of agroforestry
Bio-machine systems
