

# CALL FOR PAPERS

**ICABMCSC 2021**  
**Sep 06-07, 2021**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABMCSC 2021 : International Conference on Agent-Based Modelling of City Systems and Crime is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agent-Based Modelling of City Systems and Crime. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agent-based modelling  
Multi-agent systems  
City systems  
System integration  
Smart cities  
Infrastructures  
Energy

Transport  
Health  
Crime  
Urban planning  
Sustainable urban development  
Simulation  
Decision support
