

CALL FOR PAPERS

ICABMCSMAS 2021
Sep 06-07, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABMCSMAS 2021 : International Conference on Agent-Based Modelling of City Systems and Multi-Agent Systems is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agent-Based Modelling of City Systems and Multi-Agent Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agent-based modelling
Multi-agent systems
City systems
System integration
Smart cities
Infrastructures
Energy

Transport
Health
Crime
Urban planning
Sustainable urban development
Simulation
Decision support
