

CALL FOR PAPERS

ICABPC 2021
Sep 06-07, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABPC 2021 : International Conference on Advances in Biodegradable Polymer Composites is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Biodegradable Polymer Composites. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biodegradable polymer composites
Biodegradable polymer composite materials
Sustainable biodegradable polymer composites
Wood based composites
Bamboo based composites
Other plant fiber composites
Bioresins and biopolymers derived from natural resources
Fiber treatment and resin modification for biocomposites
Cellulose and nanocellulose composites
Biodegradable polymer composite fabrication, characterization, evaluation, and application
Life cycle assessment
Natural fiber sources
Alternative fiber sources

Natural polymer sources
Biodegradable polymer fiber thermoplastic composites
Re-use, recycling and degradation of composites
Reprocessing of composites
Recent developments in biodegradable polymer composites based on plant fibers
Biodegradable polymer composites from natural resources
Biodegradable polymer composite material evaluation and processing
High performance biodegradable polymer composites
Biodegradable polymer composites for engineering applications
Hybrid biodegradable polymer composites
Tensile and compression properties of biodegradable polymer composites
Mechanical and dynamic mechanical analysis of biodegradable polymer composites
Commercial and experimental biodegradable polymer composites
