

# CALL FOR PAPERS

**ICACDC 2021**  
**Sep 06-07, 2021**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACDC 2021 : International Conference on Architectural Construction Drawing and Computation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architectural Construction Drawing and Computation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural construction drawing  
Computer-aided architectural  
design  
Digital systems for architectural  
design  
Architectural computation  
Computational analysis  
Computational synthesis

Design as a knowledge-based  
process  
Programming for architecture and  
design  
Morphogenetic programming  
Detail design  
Structural design
