

CALL FOR PAPERS

ICAZGDE 2021
Sep 06-07, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAZGDE 2021 : International Conference on Arid Zone Geomorphology and Desert Environments is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Arid Zone Geomorphology and Desert Environments. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Arid geomorphology
Geomorphology of desert environments
Arid and semi-arid geomorphology
Rock weathering and desert surfaces
Aeolian geomorphology
Applied geomorphology in deserts
Desert hydrological processes

Desert slope processes and desert pavements
Desert fluvial systems
Desert playa lakes
Desert weathering processes and geochemical sediments
Desert aeolian systems
Environmental change in deserts
