

CALL FOR PAPERS

ICCRP 2021
Sep 06-07, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCRP 2021 : International Conference on Cardiovascular and Renal Pharmacology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cardiovascular and Renal Pharmacology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cardiovascular and renal
pharmacology
Cardiovascular-renal drugs
Antihypertensive agents
Vasodilators and the treatment of
angina pectoris
Drugs used in heart failure
Agents used in cardiac arrhythmias
