

CALL FOR PAPERS

ICEMSE 2021
Sep 06-07, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEMSE 2021 : International Conference on Effects of Music in Sport and Exercise is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Effects of Music in Sport and Exercise. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Effects of music in sport and exercise
Neural mechanisms underlying music effects in sport and exercise
New music technologies in sport and exercise settings
Music use and longer-term adherence to exercise

Applications of music in sport and exercise
Psychophysical effects of music in exercise
Music, pleasure, attention and motivation
Exercise strategies
