

CALL FOR PAPERS

ICMAMT 2021
Sep 06-07, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMAMT 2021 : International Conference on Mechanical and Advanced Manufacturing Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mechanical and Advanced Manufacturing Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Materials Engineering
Composites Micro/Nano Materials
Ceramic
Metal alloy Materials
Biomaterials
Optical/Electronic/Magnetic
Materials
Building Materials
New Energy Materials
Environmental Friendly Materials
Chemical Materials
Thin Films
Smart/Intelligent
Materials/Intelligent Systems
New Functional Materials

Testing and Evaluation of Materials
Materials Physics and Chemistry
Tooling Testing and Evaluation of
Materials
Mechanical Engineering: Theory and
Application
Aerodynamics
Aerospace Systems and Technology
Applications of AI Techniques in
Design and Manufacturing
Applied Mechanics
Automation
Biomechanics
Computational Fluid Dynamics (CFD)
