

CALL FOR PAPERS

ICMDM 2021
Sep 06-07, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMDM 2021 : International Conference on Mechanical and Digital Manufacturing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mechanical and Digital Manufacturing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Manufacturing engineering
Manufacturing practices
Digital manufacturing
Design
Quality of computer systems in manufacturing plants
Model, simulate and analyze all of the machines
Three dimensional modeling
Simulation
Analysis
Tooling and processes
Benefits

Types of digital manufacturing
Cloud-based design and manufacturing
Computer-integrated manufacturing
Manufacturing approach of using computers to
Technology
Theory and practice
Application
Automation
Integrated manufacturing database
Manufacturing process management
