

# CALL FOR PAPERS

**ICACPS 2021**  
**Sep 09-10, 2021**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACPS 2021 : International Conference on Agronomy, Crop and Plant Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agronomy, Crop and Plant Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

## Agronomy

Agroecosystems and Agroecology

Application of Soil and Plant

Sciences to Crop Production

Biological Production Systems

Crop Breeding

Crop Ecology

Crop Physiology

Crop Science

Crops and Agricultural

Productivity

Crop Ecology, Management and

Quality

Environment, Biodiversity and

Ecosystems

Food, Feed, Fuel, Fiber, and

Pharmaceutical Crops

Forage and Grazinglands

Horticulture

Landscape Design and Management

Nutritionally Enhanced Plants

Pests and Weeds

Seed Science and Technology

Soil Science

Sustainable Ecosystems and Cropland

Expansion

Sustainable Plant Systems

Turfgrass Science
