

CALL FOR PAPERS

ICCEE 2021
Sep 09-10, 2021
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEE 2021 : International Conference on Civil and Environmental Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil and Environmental Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Civil and Environmental Engineering

Analysis of Semi-rigid Connections
Applied Computer Vision for Civil
and Environmental Engineering
Augmented and Virtual Reality
Buckling and Stability
Building Design, Construction, and
Operation
Civil Engineering, Management and
Surveying
Computer Controlled Site
Instrumentation
Conceptual Design Support
Construction Automation and
Robotics
Construction Engineering and
Management
Dam Engineering
Disaster Preparedness, Response and
Recovery

Distributed Computing in
Engineering
Dynamics and Earthquake Engineering
Energy for Building
Environment and Energy
Environmental Modeling
Environmental Engineering
Environmental Protection
Formfinding, Topology and
Structural Morphology
Foundation Engineering
Fracture Mechanics
Geographical Information Systems
Geotechnical Analysis and Design
Ground Vibration
