

CALL FOR PAPERS

ICEECE 2021
Sep 09-10, 2021
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEECE 2021 : International Conference on Electrical Engineering and Computer Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electrical Engineering and Computer Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer and Electrical
Engineering
Computer Science and Engineering
Computer Vision, Graphics and
Intelligence
Computational and Artificial
Intelligence
Computer Vision
Pattern Analysis and Recognition
Computer Graphics and Virtual
Reality
Human-Computer Interaction
Simulation and Modeling
Natural Language Understanding
Networks and Systems
Computer networks
Parallel and Distributed Computing

Computer Architecture
Operating Systems
Security and Cryptography
Mobile computing
Reconfigurable computing systems
Sensor networks
Embedded systems
Data Management
Databases
Information Retrieval
Web Data Management
Web Information Systems
Multimedia DB's
