

# CALL FOR PAPERS

**ICMPPS 2021**  
**Sep 09-10, 2021**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMPPS 2021 : International Conference on Minerals Processing and Process Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Minerals Processing and Process Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Minerals processing  
Minerals in operation  
Principles  
Size reduction  
Crushing  
Grinding  
Size control  
Screening  
Classification  
Enrichment  
Washing  
Gravity separation  
Flotation

Magnetic separation  
Leaching  
Upgrading  
Sedimentation  
Mechanical dewatering  
Thermal drying  
Thermal processing  
Materials handling  
Unloading  
Storing  
Feeding  
Conveying  
Slurry handling
