

CALL FOR PAPERS

ICOPE 2021
Sep 09-10, 2021
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOPE 2021 : International Conference on Orthopaedic and Prosthetic Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Orthopaedic and Prosthetic Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Orthotic Treatment of Idiopathic Scoliosis
Post-Operative Management of the Lower Extremity Amputee
Orthotic Treatment of Deformational Plagiocephaly, Brachycephaly and Scaphocephaly
Orthotic and Pedorthic Management of the Neuropathic Foot
Prosthetic Foot/Ankle Mechanisms
Outcome Measures in Lower Limb Prosthetics

Knee-Ankle-Foot Orthoses For Ambulation
The Biomechanics of Ambulation After Partial Foot Amputation
Upper Limb Prosthetic Outcome Measures
The Effect of Ankle Foot Orthoses (AFOs) on Balance
Microprocessor-Controlled Prosthetic Knees
