

CALL FOR PAPERS

ICAES 2021
Sep 20-21, 2021
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAES 2021 : International Conference on Anatomy of Endocrine System is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Anatomy of Endocrine System. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Diabetes and endocrinology
Hormones and endocrine glands
History of Endocrine Psychiatry
Organization and classification of hormones and endocrine systems
Basic mechanism of action of peptide hormones and receptors
Basic mechanism of action of steroid hormones and receptors
Chemistry, physiology, and disorders related to thyroid and parathyroid glands
Chemistry, physiology, and disorders related to Hypothalamus-Pituitary axis
Growth hormone family (GH, hCS, Prolactin)
Glycoprotein hormones (LSH, FSH, TH, hCG, POMC)
Gonadal hormones

Adrenal hormones
Neuro endocrinology
Endocrine regulation
Challenges of endocrinology
Pediatric endocrinology
Current advances in endocrinology metabolism
Thyroid gland and its disorders
Reproductive endocrinology and infertility
Diabetic disorders and treatment
Energy balance and obesity
Treatment and diagnosis of endocrine diseases
