

# CALL FOR PAPERS

**ICHRET 2021**  
**Sep 20-21, 2021**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHRET 2021 : International Conference on Human Robotic Enhancement and Transhumanism is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Human Robotic Enhancement and Transhumanism. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Human enhancement and robotics  
Human robotic enhancement  
Emerging robotic technologies for transhumanism  
Technology and human enhancement  
Science and human enhancement

The ethics of human enhancement  
Cognitive enhancement  
The limits of technological enhancement  
Human enhancement, technology and transcendence
