

CALL FOR PAPERS

ICHRET 2021
Sep 20-21, 2021
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHRET 2021 : International Conference on Human Robotic Enhancement and Transhumanism is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Human Robotic Enhancement and Transhumanism. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Human enhancement and robotics
Human robotic enhancement
Emerging robotic technologies for transhumanism
Technology and human enhancement
Science and human enhancement

The ethics of human enhancement
Cognitive enhancement
The limits of technological enhancement
Human enhancement, technology and transcendence
