

# CALL FOR PAPERS

**ICLCAUS 2021**  
**Sep 20-21, 2021**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLCAUS 2021 : International Conference on Life Cycle Assessment and Urban Sustainability is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Life Cycle Assessment and Urban Sustainability. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainability in urban  
development  
Main challenges in applying  
hybrid-LCA in urban contest  
Urban metabolism in the framework  
of life cycle sustainability think  
Tools and databases

Scientific background  
Indicators for sustainability in  
urban contest  
Urban sustainable governance
