

CALL FOR PAPERS

ICPTCB 2021
Sep 20-21, 2021
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPTCB 2021 : International Conference on Plant Tissue Culture and Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Plant Tissue Culture and Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Plant tissue culture
Antibiotics and antimycotics
Culture media, salts and vitamin mixes
Gelling agents
Orchid culture media
Pathogen screening and growth media
Phycology and ecotoxicity products
Plant growth regulators

Protoplast isolation and culture
Micropropagation in plants
Plant biopolymers and bioinformatics
Recent advances in plant biotechnology
Blue plant biotechnology
Biomass
Biofuel and byproduct
Prospects for biopolymer production in plants
