

CALL FOR PAPERS

ICQKDPA 2021
Sep 20-21, 2021
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICQKDPA 2021 : International Conference on Quantum Key Distribution and Privacy Amplification is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Quantum Key Distribution and Privacy Amplification. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Quantum key distribution
Quantum key exchange
Information reconciliation and
privacy amplification
Quantum key distribution networks

Quantum security
Quantum hacking
Counterfactual quantum key
distribution
Quantum key distribution protocols
and applications
