

CALL FOR PAPERS

ICTNH 2021
Sep 20-21, 2021
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTNH 2021 : International Conference on Technology in Nursing and Healthcare is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Technology in Nursing and Healthcare. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Technology in nursing education
Nursing, technology and information systems
Technology developments applied to healthcare/nursing
Nursing and implementation of modern technology

Nursing informatics
Technology management strategies for nursing
Mobile technology in nursing
Wearable technology in nursing
