

# CALL FOR PAPERS

**ICVGISGD 2021**  
**Sep 20-21, 2021**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVGISGD 2021 : International Conference on Volunteered Geographic Information Systems and Geospatial Data is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Volunteered Geographic Information Systems and Geospatial Data. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Volunteered geographic information  
Volunteered geographic information systems  
Technology trends  
The role of volunteered geographic information in postmodern GIS  
Social networking sites  
Democratization of geographic data  
Geospatial data and tools  
Web mapping  
Cellular communications and wiki technologies  
Spatial data infrastructure  
Crowdsourcing  
Urban sensing  
Wiki-based collaboration technologies

Mapping and navigation  
Social networks  
Emergency reporting  
Considerations  
Quality assessment  
Spatial collective intelligence  
Volunteered geographic information and computational geography  
New perspectives  
Geoinformatics  
Openstreetmap  
Boundaries of volunteered geographic information systems  
Volunteered geographic information and its implications for disaster management  
Semantic challenges for volunteered geographic information
