

CALL FOR PAPERS

ICDTIT 2021
Sep 23-24, 2021
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDTIT 2021 : International Conference on Drug Toxicity and Idiosyncratic Toxicity is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Drug Toxicity and Idiosyncratic Toxicity. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Drug toxicity
Mechanisms of drug toxicity
On-target effects
Off-target effects
Production of toxic metabolites
Harmful immune responses
Idiosyncratic toxicity
Contexts of drug toxicity
Drug overdose
Drug-drug interactions
Pharmacokinetic drug-drug interactions

Pharmacodynamic drug-drug interactions
Drug-herb interactions
Pathology of drug toxicity
Temporal aspects of toxicity
Cellular toxicity: apoptosis and necrosis
Organ and tissue toxicity
Fibrosis
Carcinogenesis
Teratogenesis
Future directions
