

CALL FOR PAPERS

ICMPEDLT 2021
Sep 23-24, 2021
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMPEDLT 2021 : International Conference on Molecular Pathological Epidemiology and Diagnostic Laboratory Techniques is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Molecular Pathological Epidemiology and Diagnostic Laboratory Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Molecular pathology
Diagnostic molecular pathology
Molecular genetic pathology
Drug development
Molecular disease mechanisms
Integrated disease management strategies
Molecular diagnostics and Therapeutics
Molecular pathology of cancer
Molecular pathology of premalignant lesions
Inflammatory and infectious diseases
Molecular biomarkers
Molecular disease treatments
Cutaneous B - cell and T- cell Lymphomas

Hematopathology of lymphoma
Clinical pathology
Dermatopathology
Renal pathology and urinary track pathology
Oral and maxillofacial pathology
Veterinary pathology
Digital pathology and e-pathology
Anatomical pathology
Surgical pathology
Hematopathology
Pulmonary pathology
Gastrointestinal and liver pathology
