

CALL FOR PAPERS

ICTICS 2021
Oct 21-22, 2021
Athens, Greece

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTICS 2021 : International Conference on Teleinformatics, Information and Communication Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Teleinformatics, Information and Communication Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Teleinformatics

Applications of teleinformatics
Advanced teleinformatics and telecommunication systems
Telecommunications and teleinformatics
Information technology and communications
Communication network architectures
Local networks
Network interconnection
Operative system network
Distributed systems
TCP/IP communication protocols
Communication network laboratory
Telecommunication networks

Broadband networks
Wireless networks
Security protocol and services
Knowledge management
The web
Computer networks
Information asset and transaction costs
Cybernetic organizations
Systems development and methods
Data management
Data modelling
Data management systems
The promise of web services
