

# CALL FOR PAPERS

**ICAAMB 2021**  
**Oct 04-05, 2021**  
**Baku, Azerbaijan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAMB 2021 : International Conference on Advanced and Applied Molecular Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced and Applied Molecular Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Applied Molecular Biology  
Next Generation Molecular Ecology  
Molecular Ecology  
Population and Landscape Genetics  
Molecular Tools in Ecology  
Genetic Analysis of Populations

Genetic Variation and Diversity  
Molecular Evolution  
Phylogenetics and Phylogeography  
Molecular Approaches to Behavioral Ecology  
Conservation Genetics and Genomics
