

CALL FOR PAPERS

ICCPE 2021
Oct 25-26, 2021
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCPE 2021 : International Conference on Chemical and Process Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Chemical and Process Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Adsorption and Ion Exchange
Agglomeration
Biochemical Reaction Engineering
Biomedical Engineering
Cape-Open Standards
Ceramics
Characterization of Particulate Systems
Chemical Engineering Education
Chemical Engineering in the Application of Catalysis
Chemical Reaction Engineering
Comminution and Classification
Composites
Computer Aided Process Engineering

Crystallization
Distillation, Absorption And Extraction
Drying and Evaporation
Environment, Safety, Energy, Quality
Environmental Protection
Extraction and Leaching
Filtration, Sedimentation, Centrifugation, Hydrocyclons
Fine Chemical and Pharmaceuticals
Fluid Flow and Multiphase Systems
Fluidization
General Method and Education
Heat Transfer Processes and Equipment
High Pressure Technology
