

# CALL FOR PAPERS

**ICPDCN 2021**  
**Oct 25-26, 2021**  
**Bali, Indonesia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPDCN 2021 : International Conference on Parallel and Distributed Computing and Networks is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Parallel and Distributed Computing and Networks. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Accelerator-based Computing  
Algorithms  
Applications  
Architectures  
Broadband Networks  
Cloud Computing  
Cluster Computing  
Communications  
Compilers  
Computer Networks  
Data Mining  
Data Warehousing  
Distributed Databases

Distributed Knowledge-based  
Systems  
Distributed Multimedia  
Distributed Real-Time Systems  
Fault Tolerance  
Grid Computing  
Heterogeneous Computing  
High Performance Computing  
Interconnection Networks  
Internet Tools  
IP and ATM Networks  
Many-Core Computing  
Memory and I/O Systems  
Mobile Computing
