

CALL FOR PAPERS

ICISSA 2021
Oct 18-19, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISSA 2021 : International Conference on Intelligence Systems and Sensor Application is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Intelligence Systems and Sensor Application. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Intelligence systems and sensors	Information fusion
Artificial intelligence	Intelligent control
Complex systems	Intelligence sensors
Computational intelligence	Smart sensors
Evolutionary computing	Imaging sensors
Fault detection and diagnosis	Sensor application
Fuzzy control	Others
Fuzzy sets and logic	Intelligent manufacturing systems
Fuzzy systems	Intelligent medical systems
Granular computing	Intelligent systems
Intelligent communications	Intelligent transportation systems
Intelligent electronics	Machine learning
Intelligent electrical systems	Mathematical models
