

# CALL FOR PAPERS

**ICABDSE 2021**  
**Oct 25-26, 2021**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABDSE 2021 : International Conference on Advances in Big Data Software Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Big Data Software Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Big data software engineering  
Big data for run-time monitoring  
and adaptation of software systems  
Big data for software quality  
assurance and diagnosis  
Software architectures and  
languages for big data

Quality and cost-benefit of big  
data software  
Software engineering for big data  
systems  
Software engineering for big data  
projects  
Curriculum for big data
