

CALL FOR PAPERS

ICWTB 2021
Oct 07-08, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWTB 2021 : International Conference on Wastewater Treatment for Breweries is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wastewater Treatment for Breweries. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Brewery waste water
Characteristics of brewery
wastewater
Physical and chemical
characteristics
Present waste treatment practices
Waste treatment plants
Activated sludge systems

Filter systems
Sludge disposal
Experimental facilities and
innovations
Treatment of brewery waste
Environmental pollution and
sustainability
Physicochemical composition
treatment
