

CALL FOR PAPERS

ICC 2021
Oct 28-29, 2021
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICC 2021 : International Conference on Carbohydrate is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Carbohydrate. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Glycoscience, drug discovery and biotechnology
Glycobiology and Carbohydrate Technology
Carbohydrate Science and Molecular Glycoscience
Carbohydrate chemistry
Synthesis
Glycosyl mimetics
Structures
Functions
Glycobiology

Glycoconjugates
Glycosyl transferases
Glycosidases
Plant and animal polysaccharides
Glycoconjugate vaccines and drugs
Analytical tools and array technologies
Industrial polysaccharides/Biofuels
The molecular and supramolecular chemistry of carbohydrates
Molecular aspects of carbohydrate chemistry, biochemistry, chemical biology and glycobiology
