

# CALL FOR PAPERS

**ICBIS 2021**  
**Nov 29-30, 2021**  
**Bangkok, Thailand**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBIS 2021 : International Conference on Biomedical Imaging and Sensing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomedical Imaging and Sensing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Image Analysis and Signal  
Processing  
Shape Representation and Analysis  
Image Registration and Fusion  
Functional and Molecular Imaging  
Novel Image Acquisition Methods and  
Devices  
Computational Physiology

Data Visualization  
Statistical and Mathematical  
Models  
Image Reconstruction  
Image Interpretation and Computer  
Aided Diagnosis  
Imaging and Genomics  
Objective Assessment of Image  
Quality, Image Guided Surgery
