

CALL FOR PAPERS

ICEDPP 2021
Nov 04-05, 2021
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEDPP 2021 : International Conference on Effective Deployment of Phytoremediation and Pollutants is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Effective Deployment of Phytoremediation and Pollutants. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Phytoremediation
Pollutants
Contaminants
Plant-microbe-soil-pollutant
interactions
-omics

Wastewater
Ecophysiology
Interdisciplinary research
Applied science
