

CALL FOR PAPERS

ICBHPCD 2021
Nov 18-19, 2021
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBHPCD 2021 : International Conference on Building Healthy Communities and Preventing Chronic Disease is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Building Healthy Communities and Preventing Chronic Disease. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world.
