

CALL FOR PAPERS

ICWRC 2021
Nov 18-19, 2021
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWRC 2021 : International Conference on Whole-Rock Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Whole-Rock Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Whole-rock chemistry
Whole-rock and mineral chemistry
Whole-rock analysis
Whole-rock geochemical techniques

Whole-rock compositions
Whole-rock chemistry and mineralogy
Regional variations
