

CALL FOR PAPERS

ICPSIS 2021
Nov 11-12, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPSIS 2021 : International Conference on Provable Security and Information Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Provable Security and Information Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Asymmetric provably secure
cryptography
Cryptographic primitives
Lattice-based cryptography and
security reductions
Leakage-resilient cryptography
Pairing-based provably secure
cryptography

Privacy and anonymity technologies
Provable secure block ciphers and
hash functions
Secure cryptographic protocols and
applications
Security notions, approaches, and
paradigms
Steganography and steganalysis
