

# CALL FOR PAPERS

**ICWEAGE 2021**  
**Nov 11-12, 2021**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWEAGE 2021 : International Conference on Wave Equation Analysis in Geotechnical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wave Equation Analysis in Geotechnical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wave equation analysis  
Wave equation analysis and dynamic monitoring  
Wave-equation-based seismic illumination analysis

Soil resistance parameters for wave equation analysis  
Wave equation analysis of pile driving
