

# CALL FOR PAPERS

**ICESVCC 2021**  
**Nov 01-02, 2021**  
**San Francisco, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESVCC 2021 : International Conference on Environmentally Sustainable Viticulture and Climate Change is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmentally Sustainable Viticulture and Climate Change. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmentally sustainable  
viticulture  
Soil fertility  
Soil organic matter  
Soil—rootstocks interactions  
Roots-soil micro-organisms  
interactions  
Carbon and water footprint  
Vineyard management  
Training systems

Canopy and soil management  
Climatic constraints  
Water and mineral nutrition  
Biotic or abiotic stress  
physiology  
Yield and grape quality  
Pests and disease control  
Cultivation costs
