

CALL FOR PAPERS

ICNB 2021
Nov 18-19, 2021
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNB 2021 : International Conference on Nano and Biomaterials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nano and Biomaterials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nanostructured
materials/surfaces/interfaces
Synthesis of nanostructures
Biological/biomedical materials
Artificial organs/tissues
Tissue engineering
Bioengineering materials
Medical devices

Functional/structural
nanomaterials
Carbon-based materials
Nanomaterials characterisation
Novel applications of
nanomaterials
Modelling of behaviour of
nanomaterials
Nanomaterials for biomedical
applications
Biological response to
nanomaterials
