

CALL FOR PAPERS

ICDIOD 2021
Dec 09-10, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDIOD 2021 : International Conference on Dental Implants and Oral Disease is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Dental Implants and Oral Disease. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Basic dentistry	Oral cancer
Oral epidemiology and community dentistry	Dental therapy and treatment
Advanced research in pediatric dentistry	Dental practice management and marketing
Preventive dentistry	Dental ethics
Diagnosis and prevention of oral disease	Cosmetic dentistry
Oral and maxillofacial surgery	Orthodontics and endodontics
Dental practice management and marketing	Dental implants and prosthesis
Technological tools in dentistry	Prosthodontics and periodontics
Advances in dentistry	Oral microbiology and pathology
Restorative dentistry
