

CALL FOR PAPERS

ICAMM 2021
Dec 16-17, 2021
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMM 2021 : International Conference on Additive Manufacturing of Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Additive Manufacturing of Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Additive manufacturing materials
Materials for additive
manufacturing
3D printing and additive
manufacturing materials
Material aspects in metal additive
manufacturing
Product development process for
additive manufacturing
Additive manufacturing processes

Metals
Thermoplastics
Unusual materials
Medical and biochemical materials
High-performance alloys
Glass and ceramics
