

# CALL FOR PAPERS

**ICATARDS 2021**  
**Dec 13-14, 2021**  
**Cairo, Egypt**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICATARDS 2021 : International Conference on Advanced Technology in Animals Reproduction and Dietary Strategies is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Technology in Animals Reproduction and Dietary Strategies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Strategies and tools to improve  
semen cryopreservation  
Sperm energy metabolism in  
cryopreservation

Implications of omics technologies  
(i.e., lipidomics, epigenomics,  
proteomics, and metabolomics) in  
reproductive function  
Innovative dietary strategies to  
improve reproductive function
