

CALL FOR PAPERS

ICAHPT 2021
Dec 06-07, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAHPT 2021 : International Conference on Advances in Hyphenated Pharmaceutical Techniques is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Hyphenated Pharmaceutical Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Hyphenated pharmaceutical techniques

Gas chromatography mass spectrometry (GC-MS)

Liquid chromatography-mass spectrometry (LC-MS)

Liquid chromatography-infrared spectroscopy (LC-IR)

High-performance liquid chromatography/electrospray ionization-mass spectrometry (HPLC/ESI-MS)

Chromatography-diode-array detection (LC-DAD)

Capillary electrophoresis-mass spectrometry (CE-MS)

Capillary electrophoresis-ultraviolet-visible spectroscopy (CE-UV)

LC-PDA

LC-NMR-MS
