

CALL FOR PAPERS

ICUAPMA 2021
Dec 06-07, 2021
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUAPMA 2021 : International Conference on Urban Air Pollution, Measurement and Assessment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Air Pollution, Measurement and Assessment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Air pollution
Urban air pollution
Urban air pollution management
Governing urban air pollution
Urbanization
Urban air quality
Urban air pollution modeling
Air pollution measurement vehicle
Assessment
Pollutants
Technology
Environment
Sources

Control devices
Air pollution control
Air pollution forecasting system
Regulations
Management
Air quality law
Air pollution concentration
Industrial air pollution
Agricultural air pollution
Hazardous air pollution
Air pollution exposure
National-scale air toxics
assessments
Health effects
