

CALL FOR PAPERS

ICASTB 2021
Dec 09-10, 2021
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASTB 2021 : International Conference on Adaptive Sports Technologies and Biomechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Adaptive Sports Technologies and Biomechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Adaptive sports technology
Sport and disability
Adaptive sports technology and biomechanics
Sports requiring assistive technology
Sport wheelchair design
Athletic performance
Sport and fitness for people with disabilities
Disability sports and fitness

Adaptive sports equipment
Adaptive exercise equipment
Player equipment
Protective equipment
Player adaptive sports training system
Interactive sports simulation system with physiological sensing and psychological conditioning
Sports performance in wheelchair sports
Assistive technology for children with disabilities
