

CALL FOR PAPERS

ICAPSSSSD 2021
Dec 09-10, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPSSSSD 2021 : International Conference on Advanced Product-Service Systems for Sustainability and Sustainable Development is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Product-Service Systems for Sustainability and Sustainable Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Development processes, methods and platforms for product-service systems

Product-service systems for sustainability and sustainable development

Business modeling, organizational modeling, and operational mechanism construction to support the integration of product-service systems

Economic aspects of product-service systems

Knowledge management for product-service systems
